The Course

Maintaining a high level of productivity in today's successful organizations takes work and continuous learning in a variety of management skills and techniques. To be successful in daily work tasks, knowledge and skills in management techniques must be learned, practiced and implemented. People in all types of organizations find themselves needing to find more productive methods of planning work and tasks, setting appropriate goals, using good interpersonal skills and using effective means of making decisions. A focus on using productive practices allows for effective and efficient management of work and making changes in the organization.

The purpose of this comprehensive program is to assist in furthering one's ability to set goals, plan work and tasks, manage time, make good decisions and work more productively with others. The program offers a range of practical and highly effective techniques and tools that can be implemented in any workplace. It will build confidence in one's ability, increase ability to lead people and build skill to apply management concepts and techniques. One week of this seminar focuses on the concepts, principles and challenges of task and work planning, with additional topics on time and stress management and how human interaction skill impacts on our effectiveness. The second week establishes a focus on key management skills such as setting goals and objectives, establishing performance standards, decision making processes and change management.

The Structure

Module 1 - Effective Time, Task & Work Planning

Module 2 - Goal Setting, Planning & Decision Making

The Goals

- Use simple frameworks for planning, including allocating and managing priorities, scheduling work, working proactively and reactively and project planning
- Understand and develop skills necessary to get assigned work completed on time.
- Use basic planning project tools to plan work strategy
- Set goals and targets effectively and efficiently
- Learn how to establish and maintain task deadlines
- Understand the characteristics of colleagues who assist in our work assignments
- Develop positive interpersonal techniques for better management of our work
- Learn how to plan work balancing the constraints of time, cost, scope and quality
- Understand the role of stakeholders in a project and learn techniques of stakeholder management
- Develop techniques to deal with organizational change, including delegation and empowerment
- Develop communication and human interaction skills with others
- Understand and develop skills necessary to set goals in a strategic and organizational context
- Consider methods of improving decision making
- Understand how delegation can be used in setting of goals and planning
- Identify decision making processes and how they impact on organizations
- Develop the ability to make higher quality decisions as individuals and teams

The Delegates

The course is designed for team leaders, supervisors or anyone who is an acting or aspiring leader in any sector of industry and/or business, including the service industry.

The course is appropriate for those who desire to learn effective management skills and techniques to be able to better manage their work, as well as work of others. Persons who are business planners, technical professionals and engineers moving into management positions would find this seminar valuable.

The Process

This course is an interactive mixture of lecture, discussion, activities and practice on management skills. It provides definitions, examples, discussion and activities designed to promote skill building with interaction and discussion among participants. Activities and work on practice case studies and role playing are used to deliberately highlight concepts taught and allow participants to practice new project management skills.

The Benefits

- Build and maintain effective and efficient planning procedures and processes
- Integrate planning management functions into the overall mission of the organization
- Develop skills for leaders which will raise their capability, skill and morale
- Improve preparedness to deal with task and work contingencies
- Improve performance in setting and completing work objectives
- Allow teams and leaders to better meet challenges of dynamic, constant change
- Establish organizational and personal decision making capabilities
- Be better able to meet the challenges of dynamic, constant change

The Results

- Improve individual and team performance by learning productive, effective and efficient skills in work and task management
- Learn leadership techniques to do work planning and establish priorities
- Develop skills in interpersonal interaction to better work assignments

- Demonstrate proficiency to develop work plans and make good decisions
- Adds personal value and competency for an organizational manager
- Learn management techniques to plan, establish priorities and set and maintain goals
- Demonstrate proficiency to develop plans and make good decisions

The Core Competencies

- Work and Project Management
- Task Planning and Monitoring
- Time Management
- Human Interaction Skill

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings:

- 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
