Why Choose this Training Course ?

It is understood that Leadership is required throughout the organisation - and at all levels – but what does this actually look like? The three levels of Strategic, Tactical and Operational Leadership provide the required leadership framework needed for organizational success.

This highly interactive and engaging programme will help to highlight your leadership preference level, as well as provide a complete, holistic view of leadership within an organisation. It is vitally important to understand each level to gain a greater appreciation of Organizational Leadership and how the three levels interact and complement each other.

Gaining this knowledge will provide the correct leadership style to apply to the situation, help develop a unified organisation culture as well as the systems to achieve the strategic goals, in addition it will provide powerful behavioural skills to influence and motivate others. All of these skills and knowledge are essential for leading, as well as achieving, organizational success and sustainability in the modern world.

This training course will feature:

- The fundamental principles common to all types of leadership, and the characteristics of strategic, operational and tactical leadership
- Strategic leadership: formulating and communicating the vision, mission, objectives and strategy of the organisation
- Operational leadership: creating and leading the systems, structures, processes and resources to achieve the strategic goals and create winning conditions for tactical leaders

- Tactical leadership: front-line leadership and team influence to achieve the organisation’s mission, vision and goals
- Creating the right culture and the organisational leadership for success, and key skills and tools for powerful influential organisational leadership
