Course: Risk Assessment & Risk Management for Oil & Gas Projects

Code	City	hotel	Start	End	price	Language - Hours
OG-383SA	Riyadh	Hotel Meeting Room	2027-09-26	2027-09-30	12950 SR	En - 25

Why Choose this Course?

Because of increased pressure to deliver projects on time, within budget and with the agreed components, the need to identify, manage and control the project-based risks becomes central to success. Project Managers need to use tried and accepted techniques for managing identified risks and have access to practical strategies for dealing with issues as they emerge.

Using a mixture of presentations, discussions and practical exercises related to the Oil and Gas industry, this course addresses these issues in a concise and pragmatic manner.

What are the Goals?

By the end of this course, participants will be able to:

- Use practical steps and processes to manage project risk
- Identify threats & opportunities & weigh their relative value in a project
- Control multiple risks using limited strategies
- Overcome psychological barriers to risk in stakeholders & team members
- Evaluate risk assessment & risk management during the project closure phase of the project.

Who is this Course for?

This course is suitable to a wide range of professionals but will greatly benefit:

- Project Management Team members
- Operations Managers
- Project Managers
- Oil and Gas Enterprise Architects

How will this be Presented?

This course will utilize a variety of proven adult learning techniques to ensure maximum understanding. The course will be highly interactive. Following an introductory session, short input sessions will be provided followed by delegates being given the opportunity to put into practice the lessons learned in the preceding topic.

Illustrations of risk management from the real world will be provided and delegates will be encouraged to contribute examples and illustrations from their own experiences.
