Introduction

Security Officers are professionals who work in a variety of organizations and with diverse groups of people. As such, they require the necessary skills and knowledge to enhance both personal and organizational performance. As quickly as the world and its continents change and develop, so do risks and threats of dealing with people of this world. Organizations can no longer view security departments and employees as lower-level functions. To ensure staff in these departments function effectively within the realm of the larger organizational objectives, security officers must-have skills to lead their staff and department teams and individual officers have the required skills and expertise to provide an effective response to implementing successful security.

To achieve a consistent level of best practice in security, the officer needs to understand the requirements of the industry, their organization and department, their team, and their security projects.

This course is designed to equip delegates with skill, knowledge, and ability to perform their duties to international standards and current best practices in security. The course is an opportunity to develop security skills that will enhance any organization or individual officer`s ability to handle conflict situations and security solutions. The course is structured to develop knowledge in technical security areas of roles and functions, risk assessment, legislation, health/safety, incident control, and crisis management. This course is designed to empower participants to have an opportunity to learn, understand, and practice techniques that make security work more efficient and effective, therefore creating conditions for productivity

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings: 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
- **Note: All prices are exclusive of 15% Value Added Tax (VAT).**
