The Course

Demands for building skills of effective managers and leaders in today's current business environment are more prevalent than ever before, but a person can only become more effective if they have a high level of self confidence and skills in leadership of people and tasks. These types of management and leadership principles and skills do not come naturally. A person learns and develops skills in these areas through a never ending process of self-study, education, training and experience. Building task leadership skills and practicing self confidence is an effective exercise a leader and manager should complete to sharpen the ability to carry out responsibilities and successfully accomplish goals.

The purpose of this comprehensive course is to present a program to assist persons in developing their skill in self confidence and building skill in task leadership with others. Leading with Confidence, is a course which will impact on a person's business success and increase one's credibility in dealing with others. The second module, Managing Multiple Tasks, Priorities & Deadlines, presents a focus on the use of productive leadership practices in completing and prioritizing tasks. Both modules provide practical skills to take to the job, along with insights needed to adapt principles to specific work environments. The modules can be taken together or individually as a participant needs.

The Structure

Module 1 - Leading with Confidence

Module 2 - Managing Multiple Tasks, Priorities & Deadlines

The Goals

- Understand and develop skills necessary to get assigned work completed on time
- Learn to project confidence and credibility to colleagues

- Dealing with some people who struggle with change

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings:

- 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
