Introduction

This seminar is designed to provide participants with an understanding of job analysis and job evaluation. Participants will consider how jobs are analysed and how job evaluation can be applied to the design, development and implementation of pay and grade structures. Participants will also explore how different compensation systems can be applied to pay and grading structures and in particular the link with broader issues of employee motivation.

Highlights of the seminar include:

- Reviewing different formats for the development of job profiles
- Acquiring competency in a number of job evaluation techniques including the application of debating and influencing skills
- Developing a pay and grading structure
- Exploring how different approaches to compensation, including performance-related pay can be applied to pay and grading structures
- Developing a strategic view of pay, grading and compensations systems that will enable participants to advise the senior management team on compensation related issues

Objectives

Attending this seminar will help you to:

- Understand job analysis and evaluation techniques
- Understand the stages involved in a job analysis and job evaluation project
- Undertake and apply a variety of techniques to analyse and evaluate specific jobs
- Apply the results of job evaluation to design and develop a pay and grading structure
- Develop and apply different compensation systems to pay and grading structures to reflect organisational culture.
- Examine different ways to implement the above processes

Training Methodology

The learning approaches applied during the course will involve the practical application of job evaluation techniques. Participants will work on an individual and group basis to analyse job profiles and evaluate them applying both non-analytical and analytical job evaluation schemes. The course will involve the development of a pay and grading structure and the compensation systems that can augment these structures.

Organisational Impact

Organisations will benefit as follows:

- Pay and grading structures will be appropriate and aligned with organisational objectives
- Managers and HR professionals will have the necessary skills and knowledge to maintain pay and grading structures
- Organization will be competitive in the market place in relation to having the right pay and grading structures
- Organisations' will be able to attract and retain the people they need to be successful
- Having appropriate, competitive and well maintained pay and grading structures will result in employees feeling valued and motivated

- Organisations will have managers and HR professionals who are aware of the need to control the cost of pay and grading structures and the knowledge to maintain such structures within affordable limits.

Personal Impact

Those attending will benefit as follows:

- Acquire knowledge and understanding of job analysis and job evaluation
- Understand a variety of different job evaluation techniques
- Understand how job evaluation contributes to the development, design and implementation of a pay and grading structure
- Be able to make a strategic contribution to the organisation in the area of pay and grading
- Be able to advise senior management or the directors of the organisation of the value of different approaches to employee compensation
- Understand how different approaches to employee compensation can impact on employee motivation and organizational performance

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings: 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
- **Note: All prices are exclusive of 15% Value Added Tax (VAT).**
