Training course Overview:

Renewable energy in general and solar energy in particular have a wide global interest in the attractive characteristics of its use and its integration into modern electrical networks. This course aims to make the participant aware of the solar energy systems and their components, and is able to properly plan and manage the solar energy projects. The participant will be aware of the advantages of using renewable energy to feed off-grid loads.

Training course Outcomes:

- Understanding solar energy systems
- Understand the difference between grid-on and grid-off solar systems.
- Knowledge of the effect of using large scale solar systems
- The incentives provided by countries to support solar energy and how to benefit from it
- Review the factors influencing the success of the project financially
- Identify the skills needed to manage solar projects

Who should attend:

- Electrical Engineers
- Directors of energy companies
- Financial Managers of Energy Projects
- The academics
- R & D staff

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings:

- 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
