Why Choose this Training Course?

Massive advances in technology combined with political uncertainty and associated market volatility mean that today's work environment is required to embrace change. If you, your team or your organisation is resistant to new demands, processes or opportunities, you may lose competitive advantage. So how do we identify the need for change and respond effectively without throwing our work and the work of our teams into chaos? As the Digital Transformation age gathers pace, some organisations have embraced a new management thinking and are enjoying a sustained competitive advantage; faster speed to market, increased customer satisfaction and superior profits. This training course is designed to equip delegates with the knowledge, tools and techniques that they may apply to develop an agile leadership culture within their working environment. This training course will feature: Governance of teams and work approaches Agility and why agile approaches work Team leadership through self-organisation Dominant agile approaches – SCRUM and KANBAN How agility drives continuous improvement

This training course will feature:

- Governance of teams and work approaches
- Agility and why agile approaches work
- Team leadership through self-organisation
- Dominant agile approaches – SCRUM and KANBAN
