Introduction

In an ever increasing pace of Life and Business, it becomes even more important to remove stress and operate with heightened sensory acuity.

Firstly, most people deny that they are stressed or affected by internal or external factors. Secondly, the most important thing that you have is not Money or other things, it is TIME, You can't save it, you can't stop it, and you will run out of it so why not learn how to use it properly. As the cost of stress to the employer continues to grow, organizations must recognize stress in their employees and train management to manage stress productively. A recent survey showed that 1 in 5 people report their work to be very or extremely stressful, citing the nature of their work, relationships at work or their employer as the cause.

This course will teach you:

- The latest psychological techniques to manage stress including psychological techniques to stop internal voices, anxiety and worrying.
- Identify and deal with the causes of stress and how time affects you and others
- How to resolve inner conflict and reduce negative internal dialogue
- How apply efficient strategies for success in any area of life
- Release your full potential and achieve well-formed goals continuously

Objectives

In this seminar, delegates will be able to:

- Actively identify and reduce stress in themselves and others
- Develop ways of Managing the most Important element - TIME
- Take charge of your state of mind
- Maximizes performance and motivation at work
- Improve health and happiness
- Have a positive economic impact on individual and team performance
- Use NLP to change the way you think

Training Methodology

The most up to date Psychological Training methodology is used to present this seminar. The 4MAT System is used to create an environment of Performance. The seminar is carefully designed to address all styles of learning and to engage participants fully. Lectures and discussions are either preceded or followed by powerful individual or group exercises, relaxations and therapeutic interventions. These exercises provide opportunities for personal participation in real situations. During these exercises you discover that you can do what you are learning. This process makes the training fun filled, challenging and empowering.

Organisational Impact

- Stress is an individual physical response to a given stimulus and therefore everyone responds differently in different situations. What is acceptable for one person can be extremely stressful for another.
- Only by providing employees with a clear understanding of why they feel stress, and providing them with the ability to do something about it, can companies hope to truly protect their employees.

- This program introduces delegates to the close relationship between mind and body, how physical responses are influenced by thinking patterns, and how personal conditioning can lead to stress, task avoidance, even phobic reactions.
- Delegates are shown how to take charge for their own well being rather than relying on the company or other people. Delegates are then shown how to apply these skills with their team.
- This training seminar provides delegates with the skills and strategies to play a leading role in reducing team stress.

Personal Impact

- Reduction of Stress is a unique stress management program. It addresses problems caused by stress, by providing delegates with practical solutions for dealing with stress in any situation. Each Delegate will develop their own set of resources to deal and eliminate stress in seconds.
- Each delegate will develop their own set of resources to deal and eliminate stress in seconds.
