Course: Effective Global Procurement

Code	City	hotel	Start	End	price	Language - Hours
PI-622SA	Alula	Hotel Meeting	2027-01-31	2027-02-04	10950 SR	En - 25

The Course

This new approach maximizes value from procurement by combining traditional techniques, with newer tools, techniques and approaches. We will give an understanding of the Category Management methodology with the necessary working knowledge of how this approach can be used, and is now being used, by World Class companies.

This seminar shows how Category Management maximises value from procurement by integrating supplier sourcing, supplier management, supplier development and supplier relationships management.

Effective Category Management of procurement and the supply chain can create economic profit for World Class supply chains; we will also demonstrate how this can be achieved.

The Goals

- Apply a thorough understanding of supply chain activities
- Identify, analyse and evaluate procurement opportunities
- Understand the keys aspects in category management
- Use tools and techniques
- Make procurement and supply chain organisational improvements

The Delegates

- Procurement, buyers and purchasing professionals

- All those who need to maximise value from procurement and the supply chain
- All of those who need an understanding of the relationships between risk, cost and service in supply chains

The Process

- Discussion and lectures using international best practice
- Practical applications
- Case studies
- Extensive course manual
- Visual media
- Presented by the author of many books on supply chain and procurement topics

The Benefits

- Understanding the role procurement in the total supply chain
- Understand what drives your other supply chain players
- Use analytical tools to identify procurement opportunities
- Make cost and service improvements
- Gain a framework for continual improvement
- Use best in class practices like economic profit

The Results

- Understand the current procurement and supply chains activities
- Access these for value opportunities
- Examine how to maximize value from procurement
- Apply appropriate tools
- Make continual improvements

The Core Competencies

- Analysis
- Evaluation
- Improving
- Make change
- Sharing and understanding others points of view

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.

Program Timings: 9:00 AM to 2:00 PM

The program includes:

- A daily buffet provided during the sessions to ensure participants comfort.
- A closing ceremony on the final day to distribute certificates and celebrate participants achievements.
- **Note: All prices are exclusive of 15% Value Added Tax (VAT).**
