Introduction

The Office Professional & Records Management Masterclass is an exciting and interactive programme, designed to provide participants with the opportunity to review and develop interpersonal and professional skills needed to do their jobs effectively, thereby contributing to personal and organizational success.

The programme also covers the strategies, tools, and technologies used to capture, categorise, manage, store, preserve (archive), and deliver documents and records in support of business processes, as well as the core components of ISO 15489 so that organisations become compliant with best practices.

After exploring and developing the multi-faceted skills required of the office professionals and administrative staff (including both inter-personal and technical skills), the combination allows participants to explore in more detail the issues involved in meeting responsibilities for managing documentation and records.

Objectives

- Extend their understanding of their roles as office managers and administrators and the key contribution they make to organisational success
- Review and develop their personal organisation, communication and interpersonal skills
- Develop an action plan to help themselves, their boss and other colleagues work in more effective and efficient ways

- Understand the key concepts and overall architectural scope of records and document management
- Develop business cases and business requirements for records management systems
- Identify the business drivers for improving document and records management in their organisations
- Determine how document and records management can be implemented across their organisations

The Scandinavian Academy for Training Center adopts the latest scientific and professional methodologies in training and human resource development, aiming to enhance the efficiency of individuals and organizations. Training programs are delivered through a comprehensive approach that includes:

- Theoretical lectures supported by PowerPoint presentations and visual materials (videos and short films).
- Scientific evaluation of participants before and after the program to measure progress and knowledge acquisition.
- Brainstorming sessions and practical role-playing to simulate real-life scenarios.
- Case studies tailored to align with the training content and participants work nature.
- Assessment tests conducted at the end of the program to evaluate the achievement of training objectives.

Each participant receives the training material (both theoretical and practical) in printed form and saved on a CD or flash drive. Detailed reports, including attendance records, final results, and overall program evaluations, are also provided.

Training materials are prepared professionally by a team of experts and specialists in various fields. At the end of the program, participants are awarded a professional attendance certificate, signed and accredited by the Scandinavian Academy for Training Center.
